

Anything to Say?

a public art project

a monument
to courage

3 figures
standing on 3 chairs

the 4th chair
is for us

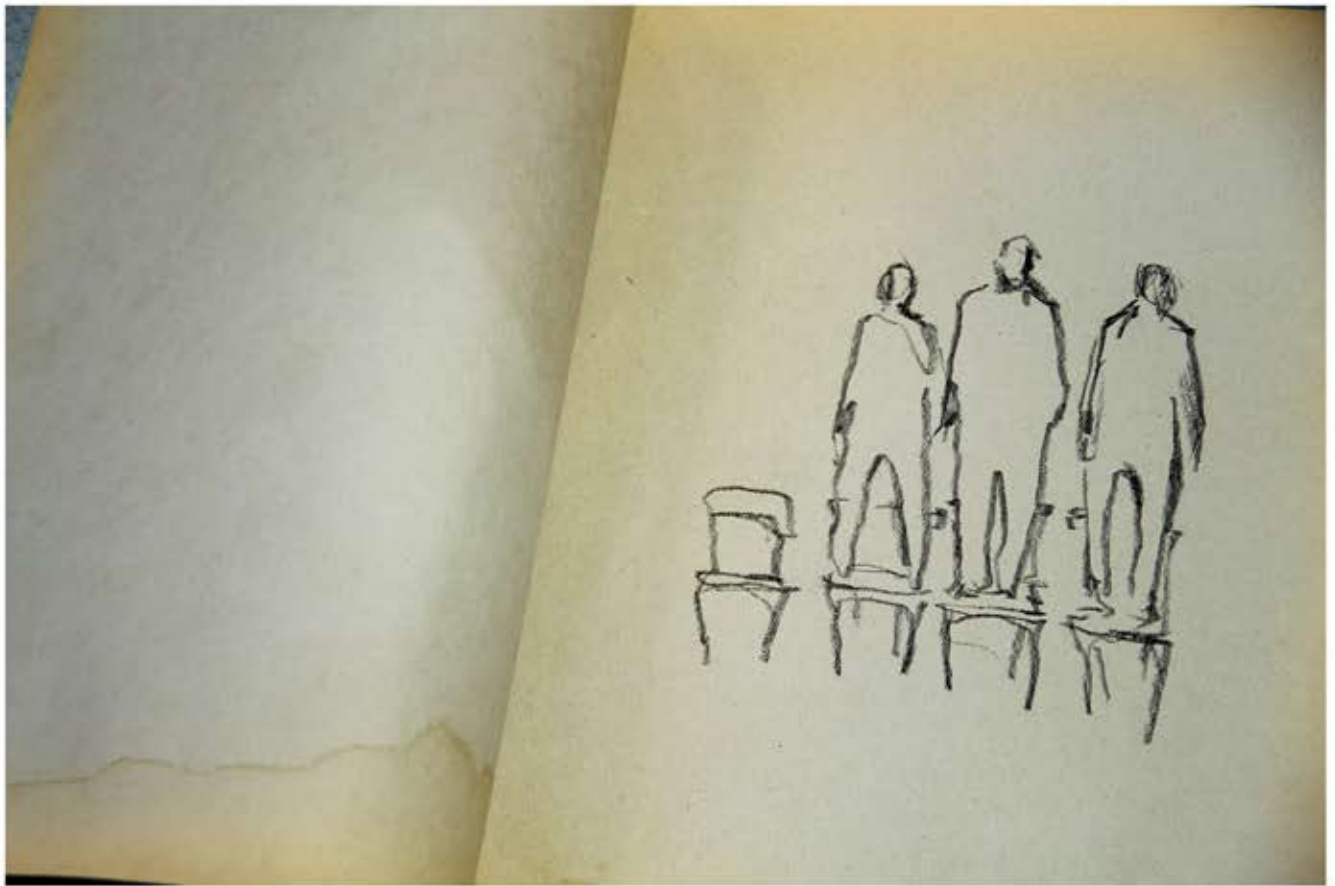

each of us can climb on it
as with Wikileaks

however uncomfortable and
vulnerable, to change our
point of view

The Making of the Sculpture

Edward Snowden and
Chelsea Manning

Julian Assange

Cast and Fusion

The Journey

take a stand

be courageous because
courage is contagious
